

Specification

We supply the full range of Baling Wire competitively priced, to suit all makes and models of waste and recycling balers to any site in the UK. This means whether your baler is IEG manufactured machine or one of our competitors you will be safe knowing our product is suitable and competitively priced.

We supply baling wire for all balers and we can offer various types depending on your baler size and throughput of recycling materials.
Normal delivery time is between 7 - 10 days but if your site has run low we can arrange for urgent orders to be delivered the next day (if ordered before 12 noon, excluding weekends).

IEG products are also covered with a **12 Month Warranty**, so you can rely on us to maintain hygienic and sustainable community & commercial spaces.
